Dear Friends:

I am writing today to tell you how much we appreciate your organization's generous gift of \$2,500.00. We are earmarking this kind donation as a gift to our Kids Fund Campaign to help fund the construction of a new Cardiac Care Unit (CCU) here at our hospital.

Our CCU provides care for our most gravely ill young heart patients and children recovering from heart surgeries. We are fortunate to have on our medical staff two very gifted heart surgeons – Dr. Joseph Caspi and Dr. Tim Pettitt – who are attracting patients from throughout the country. Drs. Caspi and Pettitt performed about 450 procedures last year, with a 99% success rate. Your contribution will help us complete a state-of-the-art heart unit to ensure that our heart team has the facilities to provide the best possible care for their patients.

The new CCU under construction will provide dedicated beds for our young heart patients and privacy for families during a difficult time. On behalf of our Board of Trustees, medical staff and, most importantly, our young patients, I want to offer our heartfelt thanks for your wonderful support of this important project. Finally, for tax purposes, no goods or services were provided in exchange for this generous gift.

Sincerely,

Roger Gorman
Director of Development

The Regional Medical Center for Children
